

Spelling City Directions

Our word study program will incorporate 21st Century skills using <http://www.spellingcity.com>. Students will complete assignments through their own account. Words are comprised of pattern words and content area vocabulary.

Each list will be a two week long study. The first week will end with a spelling test and the second will be a vocabulary test.

Login Information

Username: last name, first name

ie. Jane Smith – SmithJane

Password: 4 digit code

Once logged in,

Students will find the list under the heading: Assignments Due. Click on the list that is assigned to the date it begins.

For example the first list is entitled, List 1

Once you click on the list, there will be a list of 10 activities to be completed. You should complete the activities in the order they are listed. Time management is important, so students should complete the Flash Cards and Alphabetize on the first day, and then continue by doing one activity Monday through Thursday.

Teachers can monitor your progress at any time throughout the two weeks to make sure you are not waiting until the last minute to complete all 10 assignments.

At the end of the two week study, students will receive a grade based on the completion of the 10 assignments. For every assignment incomplete, 10 points are deducted from your Word Study homework grade.

The assignments are an efficient game-based study of words, so students will enjoy learning and practicing each week.

To view your child's progress, select **My Records** from the menu in the upper right-hand corner or **See Records** from the menu on the app once your child is logged in

Students are free to play any games not assigned at any time. PLEASE DO NOT TAKE THE SPELLING TEST OR VOCABULARY TEST AT HOME. Otherwise, 20 points will be deducted from the student's test score.
