Central School PALS are collecting items for the Plainfield Area Humane Society. This shelter cares for over 1,000 animals each year including dogs, cats, small animals and birds. They accept all animals from contracted communities and do everything possible to help rehabilitate sick or injured animals if they believe they are adoptable. They need to raise 70% of their operating costs every year through adoptions, donations, grants and fundraising. PALS are collecting various items to help offset some of these operating costs.

You can find more information about Plainfield Area Humane Society at www.PAHS.petfinder.org.

Please put items in the boxes outside the main office.

Thank you for your support!
