

On May 27, 2016 Central School will be holding it's annual charitable fundraiser sponsored by the PTO. This year the entire school, grades K-5 will be raising money for the research and treatment of brain cancer in both children and adults. All money will be going to the **Preston Robert Tisch Brain Cancer Center at Duke University** a world-renowned brain cancer center where cutting edge research and treatment occur. In the summer of 2015, [60 Minutes](#) ran a full segment on the brain cancer center and the polio vaccine that has shown to be extremely promising in curing brain cancer as well as other cancers.

The children will be walking around the entire outside athletic field 3 times. Please have your child wear a Central School shirt or blue and white. Prior to walking, there will be a small assembly educating them about the chosen charity. Please consider sponsoring your child for every mile they walk. A sponsor sheet is attached that can be sent to both family and friends. Checks can be made out to **Duke University 16-BT** and sent in with your child.

Thank you very much!

Central School

# Sponsor sheet for Charity event

Participant name- \_\_\_\_\_

On Friday May 27, 2016 I will be walking around Central School fields to raise money to find a cure for brain cancer. Please pledge any amount to support my fundraising as I *Walk to find a Cure!* 100% of your tax - deductible donations go to Duke's Robert Preston Tisch Brain cancer research foundation. Make check payable to: **Duke University -16 BT**
