

Molding Creative Thinkers Through Art

ART LAB

The Art Lab program is a visual arts program for 3rd - 5th graders using studio quality material. The art teacher adapts to each student's proficiency, and the classes are open for beginners as well as previous Art Lab students. This is a program for students who want to create frame worthy masterpieces!

The students will be introduced to famous artists from past and present. They will be taught various techniques along with appropriate use of different mediums. Through the creative process they will explore a wide variety of art form expressions. Art Lab is presented in a process-oriented manner, tapping into the intrinsic curiosity of each individual student, allowing them freedom of creative expression. As they apply these techniques to create their own artwork inspired by the work of famous artists and their own imagination, they create stunning masterpieces.
