

AFTER SCHOOL

So fun it won't feel like learning!!

MT. HOREB SCHOOL ENRICHMENT CLASSES

Fall 2015 Session

This will be a 6 week session of model building with LEGO® bricks and Bricks 4 Kidz® copyrighted model plans. Most of the models are motorized. The class consists of a discussion on a STEM concept of the model, a structured model build with students in teams of two and ends with the students unleashing their creativity as they are challenged to create new ways to design the models. The class is fun, exciting (always interesting modifications) and educational, a great combination.

Open to grades K -5th. There will be two concurrent, age specific classes each week.

Sibling 10% discount code: 541846588C616

Six week session on Mondays: 9/28, 10/5, 10/19, 10/26, 11/9 & 11/16.

Cost: \$96.00

3:20pm to 4:20pm
