

September, 2015

Warren Schools,

On behalf of Wagner Farm Arboretum, we are pleased to present 2015's "Brite Nites" a spooktacularly unique Halloween event. Our artisans have been busy carving hundreds of new intricate and creative pumpkins to surprise and please our visitors who enter the Pumpkin Path. Our Haunted Hollow is a new addition to this year's event and we are sure our Designer, Matt Kaprielian will generate plenty of scares, spooks and screams from those who dare to enter. This is one of the few family friendly Halloween events in the area with handmade treats, warm apple cider and wandering entertainers to keep everyone in the spirit.

We are hosting a "Warren School Night" on Wednesday, October 14th, starting at 6:45. We hope you will join us. Visit www.wfafnj.org to purchase school night tickets.

Tickets: \$12

Tickets: \$9 under 12 and seniors.

Children 3 and under are free.

Our "Brite Nites" event has helped to support Wagner Farms Arboretum needs to provide our community with programs, such as The Giving Gardens and Growing to Give. It will also help us to rebuild our barn and new green houses.

Sincerely,

Kim Buonocore
