

The SCESC Nonpublic/Public Programs cordially invites you to attend this free presentation:

Thursday, 10/15/2015 at 4:30

Lost and Found

AN AUTISTIC PERSPECTIVE

The story of autism from the inside. One person's struggle to survive and succeed while ignorant of his own autism.

Growing up before most people were aware of autism, Jim Jacobson's journey to make sense of everything around him allows others to see the world through autistic eyes.

Jim Jacobson – Living Amongst Humans
