

# Summer Fun 2016 Coming Soon!

***June 27 – July 29, 2016 (off July 4th)***

**Look for our Brochure and Registration Forms  
on our Website and in your child's backpack  
this March!**

Summer Fun is quickly approaching. I am excited to once again be the leader of this incredible program. This is my eleventh year as coordinator and we have added many new course offerings for your child to sample along with our most popular ones. This year we will be holding our five-week program at Mount Horeb School.

Summer Fun is a unique program where students can attend remedial and enrichment courses. This year we will again open our doors to Warren residents and residents of surrounding districts. This provides our Warren students an opportunity to meet new friends and socialize with children from other districts.

I think that our program is superior to other "camp" programs in that all of our courses are taught by certificated teachers who specialize in the areas for which they teach. We offer a variety of classes where your child can grow and soar. We have sports, music, art, literature, math, drama, technology and scientific courses, all designed to be fun and educational!

I believe that our program is the best value around! Once again we have not raised our rates! We are offering our amazing program at 2009 prices! We also offer an Early Bird discount. If registration forms and payment are received by May 6, 2016, you will receive a 10% discount off of your entire registration. Additionally we have kept our Super-Saver Discount price and Extended Care and After-Care fees the

same as last summer. We also offer a sibling discount of 10% off of the fee for each additional sibling that signs up.

What is great about our program is the fact that your child may register for a single week, multiple weeks, or our entire five-week program. Children may select different classes each week which allows them the opportunity to try many different courses as well as sign up again and again for their favorites!

I am so excited to once again head this program where children get the opportunity to learn new things, develop new skills, play, socialize and challenge themselves. Our staff is just incredible and I am sure you will agree with me that Summer Fun 2016 is the best, most affordable program around!
