

WARREN TOWNSHIP SCHOOLS

SUBSTITUTE NURSES NEEDED

Warren Township is in need of substitute nurses!

Do you know someone who would be an asset to our school system in such a position?

We would like to encourage qualified individuals to apply for a position as a substitute nurse in our district.

We are always in need of caring and competent applicants who are able to assume the role of substitute nurse in one of our district schools on an as needed basis.

If you are interested in pursuing certification as a substitute nurse, please contact:
