Dear Parents of Warren Township Students,

As the After School Care provider in the Warren School District, we have recently had inquiries about the possibility of expanding the program to include Before School Care. As we revisit the possibility of including Before Care, we need to gauge the interest of parents to determine if there would be sufficient participation. The program would require at least 15 children enrolled at each site.

If you would, kindly email me to let me know if you would be interested in Before School Care for your children for the 2016/2017 school year. In your email please include the following information:

- how many children you would be interested in enrolling in the program
- the ages of your children
- the school that they attend

My email is tcostello@somersetcountyyymca.org. If there is sufficient interest in a Before School Care program, we will move forward in working with the Warren Township Schools to establish the program.

Thank you for the opportunity to serve your families.

Sincerely,

Tina Costello
