SATURDAY

OCTOBER 15, 2016

8:30-NOON

SOMERSET COUNTY VO-TEC STEM GIRLS WANTED!

Program specifically designed to encourage girls in 6th – 8th grade to prepare for future success. There will be 4 interactive areas, including designing with lego bricks, learning/watching 3-D printing in action, and learning about engineering all while developing valuable teambuilding skills. Additionally, there will be a panel of amazingly successful STEM women to provide some insights, answer questions, and possible mentoring opportunities.

NOTE: FREE event but open to Somerset County Residents only and MUST register.

**EXCITING,
INTERACTIVE, AND
