

AFTER SCHOOL ACTIVITIES UPDATE

Starting at 9:00 AM today, students may make requests as to which after-school club(s) they are interested in.

This request process will run from today (September 17) through 11:59 PM Thursday, September 19.

Students may access the club offerings and make requests through Student Center on their Chromebooks, or by accessing the “Student” portion of the district website from any other internet-connected device.

If your child does not know how to access Student Center, please send them to their guidance counselor.

Clubs are not assigned on a “first-come, first-served” basis. Student club assignments will be made randomly based on their requests following the September 19th cutoff.

Requests made after September 19 will not be included in this process, but may be handled afterwards, manually, if space allows.

You will be notified when the club assignment process is complete. At that time, you will be able to see which club(s) your child received, and download/print/sign permission slips.

Clubs will start on Tuesday, October 1 and run through Thursday, May 21, 2020.

Any changes to this information will be communicated via School Messenger.

Please e-mail Ms. Hunt at dhunt@warrentboe.org with questions. Thank you!
