Gingerbeard Houses

Thank you to everyone who contributed their spare change to the Change for Change Gingerbread House Challenge! WMS has generated 300 dollars to donate to a charity of the winner's choice! All of the houses created by the teachers showed creativity and demonstrated their amazing ability to collaborate.

Congratulations to the creators of the Berry Chilly House, our math teachers, who had over \$100 in their jar! The Math Department has selected the charity, Harboring Hearts, to receive the funds donated in the Change to Change Gingerbread House Challenge. Thank you to all who participated and contributed!
