## Capstone

Calling all 8th graders.  
The time has come, the librarian said,  
To think of many things,  
Of life on land and energy  
Of climate change and trees  
And why the sea is boiling hot,  
And whether Shein is necessary.

In other words, it's time to start thinking about Capstone. To help you out, the library is offering many wonderful presentations. Be sure to read your email, check out the dates, and sign up for at least one presentation.
