

“One School, One Book” Summer Reading Assignment

Summer is here and it’s the perfect time to relax and read with your kids! Research shows that students who read a minimum of 4 to 6 books can maintain their reading skills and avoid the “summer slide,” a setback of one to two school months in reading and comprehension skills. Reading even more will improve their skills in preparation for the following school year.

In order to support Summer Literacy, Woodland School has implemented the One School, One Book initiative. Here is some important info:

- Our book selection is “So You Want to Be President” by Judith St. George (2012 Revised and Updated Edition).
- We are asking all parents to have their children either read the book or have the book read to them prior to the beginning of the school year. All students are encouraged to have an understanding of the book realizing that not all students will not be able to read the book alone. It is highly encouraged that parents read to and with their children.
- Books may be purchased through Amazon or from Barnes and Noble for approximately \$12.99. Please be sure to verify you have selected the Revised and Updated Edition (2012) when purchasing. Woodland School will have limited copies on hand which can be checked out during the summer at the Main Office for two week intervals. The entire Woodland team will be using the book throughout the school year and we encourage all students to have their own copy.

Make It a Summer On, not a Summer Off! Thank you for your continued support.

- Mrs. Zaleski
