AFTER SCHOOL

So fun it won't feel like learning!!

ALT AFTER SCHOOL ENRICHMENT CLASSES FOR 1ST- 4TH GRADES

Building with LEGO® bricks and learning-

The Bricks 4 Kidz S.T.E.M. (Science, Technology, Engineering & Math) enrichment program combines the fun of building with LEGO® in a structured class. Each week the students will build a different motorized model. The students will discuss a S.T. E. M. concept for each model they build. During the model building, they will learn engineering principals as well as develop their critical thinking skills. The classes are both educational and fun; a great combination.
