

Robotics

we learn, we build, we play with
LEGO® Bricks

GET INTO GEAR with **LEGO® MINDSTORMS**

Experience the cutting edge of technology with our Introduction to Robotics session and the **LEGO® Mindstorm™ EV3** platform. The students will build different robots each week as they learn about sensors and the EV3 drop and drag programming blocks. Students will be given a weekly challenge based on that week's class as well as their cumulative knowledge from previous week's classes. and **Students will have a great time working in teams of two, learning and having fun with robotics.**

Sponsored by the Woodland PTO. 10% of all tuition is donated to the PTO.

WOODLAND SCHOOL

Classes begin on Wednesdays, October 5th,
19th, 26th, November 2nd, 16th, 30th,
December 7th & 13th
