

Halloween Candy Collection

November 1-3

As the chill fills the air, you can feel the excitement. Bright orange pumpkins seem to be popping up everywhere and children have already begun the difficult task of deciding what to be for Halloween.

Halloween has always been a time treasured tradition, filled with imagination and fun. However, not all children have an opportunity to participate in the festivities. There are many youngsters who will not have the costumes or candy that makes Halloween so sweet.

Students are encouraged to bring in wrapped candy on Nov. 1-3. All candy will be distributed to children needy of treats. So please share your candy with someone who will truly enjoy and be thankful for a taste of your Halloween fun.

Remember: "Trick or Treat" with safety first!

Thank you.
