

# Robotics

## GET INTO GEAR with LEGO® MINDSTORMS

Experience the cutting edge of technology with the introduction of **LEGO® MINDSTORMS EV3 Robotics**. Students will be captivated as they incorporate the newest generation of motors, sensors and software by programming their commands directly into the intelligent brick. Test their capabilities by moving an object with a robotic claw, building a robot that draws, or creating a mouse trap. Our endless list of builds is sure to provide the complete fundamental components of robotics at its best!

### WOODLAND SCHOOL
