

Earth Day-Green Fair Poster Contest

Dear Students of Woodland School, honestly please do a poster,

For this Earth Day the 4th grade Reach TOO! is going to have a table at the Watchung/Warren Green Fair, which will be held on **Sat. May 11**. We encourage all students in 2nd through 5th grade to make a poster based on saving the earth (please make your poster based on your grade's topic below). Mrs. Pellegrino will help us judge the posters based on the most **creative, understandable, and the most on-topic poster**. One poster per grade will be chosen, and two posters per person can be entered. The winning posters will be hung up at the Green Fair! **All of the participants will get a small gift.** We will announce the winners of each grade on the Woodland News, so please make some posters!

Each grade will have a different topic for their poster:

5th Grade - Saving Energy

3rd Grade - Recycling

4th Grade - Composting

2nd Grade - Planting Trees

Remember: These are the rules:

- This is **OPTIONAL**
- It is a **HOME** project
- **PLEASE MAKE IT COLORFUL**
- You may be in **GROUPS** as long as everyone is in the same grade
- The poster has to be **HANDMADE**
- **PLEASE RETURN BY: Monday, April 22 (after Spring break)**

THANK YOU!
