

Warren Township Education Foundation (WTEF)

**WTEF Information Session
Wednesday, February 8, 2017
Warren Middle School Library
7 p.m.**

Come learn about the Warren Township Education Foundation (WTEF) as we hope you can contribute and volunteer to this important group.

WTEF serves as an organization that partners with school, community and business members to offer excellence through innovative, academic, developmental and social experiences. The focus will be on ideas aligned with the mission and vision of the Warren Township School District.

Volunteers will have opportunities to plan and organize high level fundraising structures and events, as well as engage community and corporate partners that support the District's brand of "Shining Brighter Every Day."

For this endeavor to succeed, this effort requires dedicated volunteer members across the Warren Township community to join us with ideas, know-how, passion and commitment to support social and academic growth for the District's students.

We look forward to seeing you on Feb. 8.
