

Warren Township Schools

Shining Brighter Every Day

March 22, 2017

TO PARENTS/GUARDIANS:

Ensuring accurate, timely, and trustworthy communication with key stakeholders is integral to supporting student success. Toward that end, the Warren Township School District will be conducting a comprehensive audit of district and building communications with key audiences, identifying areas of strength and opportunities for improvement. As one of the initial components of the audit, we are inviting you to take the **SCoPE School Communication Survey for Parents**. Access the survey at <https://goo.gl/sGjBYL> on almost any computer or mobile device. Participation takes less than 15 minutes and is completely anonymous.

Because communication can differ from one grade to the next, we ask you to take a separate survey for each child you have enrolled in the district. Please be aware that Watchung Hills Regional High School is also conducting the SCoPE surveys. If you have a child enrolled at WHRHS, you should receive a separate invitation from them with the link to their separate surveys.

The SCoPE results will help us determine what practices are working well and should continue, as well as what practices can be improved upon. It is important that we hear from as many of our parents as possible. The survey will be open through April 7th. Please take this opportunity to have your voice included. Log on now at <https://goo.gl/sGjBYL>.

As parents who are also members of the Warren Township community, you may receive invitations to take two or three of our SCoPE surveys. Since the value of our results increases when more people participate, we encourage you to take each of the surveys that correspond to your relationship with us.

Thank you for your time and attention.
