## Fall Sports Update

The girls' soccer team exceeded expectations this season. The team competed with all the top teams in the league and finished with a winning record once again.

During the 2022 season, seventy-nine athletes participated in Cross Country. Each student improved their personal best time by at least two minutes, and some improved by three to four minutes from the beginning to the end of the season. Both the girls and boys consistently finished in the top five places at meets. The students/athletes learned to be good teammates and show leadership and good sportsmanship.

According to coach O'Heaney, "The boys' soccer team had their ups and downs this season. But win or lose, the music was freely flowing from Angelo Grenados' boombox."
