The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school’s test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Performance by Grade: Grade 5

This table shows participation and performance on the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by end of course exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

This section shows performance on the NJASK science test which measures students' ability to recall information and to solve problems by applying science concepts. The assessment is given to students in grades 4 and 8 and has three proficiency categories. Students performing at "Proficient" and "Advanced Proficient" have demonstrated readiness for the next grade-level/course.

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here: <http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This table also shows whether the school and each student group met the *ESSA* accountability target of 40 for the 2016-17 school year.

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target

Student Suspension Rate

This table shows the percentage of students who received one or more in-school suspensions, one or more out-of-school suspensions, and one or more suspensions of any type during the school year. Students receiving both in-school and out-of-school suspensions will be counted in all rows of the table. Students who received more than one suspension are counted only one time in each category below.

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school’s technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school’s LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio	Internet Speed	Recommended Internet Speed	Met Recommended Speed?	Connectivity between Schools	Recommended Connectivity	Met Recommended Connectivity?

Per-Pupil Expenditures (District Level)

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience and Certifications

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	91	17.5%
Mathematics Proficiency	86	17.5%

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p>Highlights:</p>	<ul style="list-style-type: none"> • Woodland is a 2017 Blue Ribbon School, 1 of only 5 schools in Somerset County to receive this award in 35 year history. • Students in grades 3-5 have 1:1 access to Chromebooks and students in K-2 have daily access to iPads (2:1 ratio). • Commitment to character education in every classroom has been the foundation for academic excellence.
 <p>Mission, Vision, Theme:</p>	<p>The mission of the Warren Township School District is to provide, through a safe, nurturing yet challenging environment, all students with an outstanding education that engages students and fosters academic excellence, healthy social and emotional development, and a lifelong passion for learning.</p>
 <p>Awards, Recognition, Accomplishments:</p>	<p>Woodland School is extremely proud to become a 2017 Blue Ribbon School in the designation of "exemplary performing schools". While our students consistently demonstrate excellence on state assessments, we are most proud of how they contribute to the positive climate and culture of Woodland School. Each year we recognize a staff member with the Excellence in Education award. The winner is selected by their peers who note their commitment to Woodland students.</p>

 <p>Courses, Curriculum, Instruction:</p>	<p>All four elementary schools within the Warren Township School District that share a standards based curriculum that is supported with common resources and scheduling strategies. School administrators work closely together to ensure that K-5 schedules support the consistent delivery of all programs offered within the schools to provide all students with similar opportunities to be supported, challenged and enriched as they move through their elementary years.</p>
 <p>Clubs and Activities:</p>	<p>The Warren Township Board of Education supports a series of Board approved clubs at each elementary school. Each principal coordinates with certified staff members to develop a unique menu of club opportunities for students within their building to provide enriching experiences for varied grade levels. In addition, principals coordinate with the PTO and outside organizations to provide additional enrichment experience to the students as needed.</p>

 <p>Staff and Professional Learning:</p>	<p>All K-5 staff participate in a comprehensive professional learning program that provides core and differentiated experiences to ensure a deep understanding of state and national standards and refines the delivery of best instructional practices. Staff hone their individual skills with the support of administration, instructional specialists, and highly effective colleagues who serve as staff development providers while reflecting on their practice through the Danielson Framework.</p>
 <p>Student Supports and Services:</p>	<p>K-5 students are provided a comprehensive system of academic support services to meet the needs of a broad spectrum of learners. Supports are determined through a district identification process that use multiple indicators including local benchmark assessments. Such supports include programs provided by a math basic skills teacher, certificated reading specialist and/or a gifted and talented teacher. The building's I&RS Committee also convenes regularly to identify and address student needs.</p>
 <p>Student Health and Wellness:</p>	<p>The physical, social and emotional well being of all students are paramount in our school as the Whole Child philosophy is embraced throughout the district. A full time nurse ensures the physical well being of each student. A comprehensive physical education program addresses student health and wellness. Daily recess provides an opportunity for students to exercise and practice social skills. A full time guidance counselor promotes mindfulness and character education lessons.</p>
 <p>Parent and Community Involvement:</p>	<p>A supportive PTO and SEPAG sponsors school events such as Young Author's Day, International Day, Parent and Teacher Basketball Game, Woodland Olympics and cultural arts assemblies. The PTO's Dream it, Fund It program provides teachers the opportunity to innovate programs and events directly tied to a unit of study that supports students' social, emotional and academic well-being. Bi-monthly PTO meetings allow the greater community to take an active role in and be a part of the Woodland family.</p>

Other Information:

"It's Always a Great Day at Woodland" is more than Woodland School's motto; it is the way of life. Woodland School, which serves kindergarten through fifth grade, is part of the high achieving and academically rigorous Warren Township School District. The Woodland family consists of over 45 highly qualified, motivated and nurturing staff, over 260 amazing students, and supportive parents. We believe that every child has the ability to succeed and the right to a quality education. The uniqueness of each child is respected within a safe, nurturing environment that instills a lifelong love of learning. It is our mission to give children the skills to be great students and, more importantly, outstanding human beings. Woodland School, is one of four elementary schools in Warren Township, to offer an engaging, technology infused age-appropriate academic program. Students are challenged in all academic areas and experience a robust related arts program. Our strong character education program supports students' emotional and social development. Traditions at Woodland School focus on the development of the whole child. Families and the community collaborate with staff to ensure students receive the tools they need to be successful. At Woodland School we believe everything that counts cannot always be measured. We are extremely proud that our daily work inspires our students to become lifelong learners and, more importantly, productive and kind members of a broader community.
