**Proposal**

The Board of Education of the Township of Warren in the County of Somerset, New Jersey is authorized to undertake a school facilities project consisting of boiler and pump replacements at the A. L. Tomaso School, the Mt. Horeb School and the Middle School; window replacement at the Central School, roof replacement at the Middle School and HVAC upgrades at the A. L. Tomaso School and the Central School. The Board is authorized to expend and issue bonds in an amount not to exceed \$6,446,588 on such project. The State has agreed to provide debt service aid in the amount of 40% of the "final eligible costs" of the school facilities project. All of the costs of the project are "final eligible costs."

**Explanatory Statement**

The Board is seeking to undertake a school facilities project consisting of:

- boiler and pump replacements at the A. L. Tomaso School, the Mt. Horeb School and the Middle School;
- window replacement at the Central School;
- roof replacement at the Middle School; and
- HVAC upgrades at the A. L. Tomaso School and the Central School.

The projects will be undertaken at a cost not to exceed \$6,446,588 which will be funded through the issuance of a short term bond/note.

**STATE FUNDING**

The Board will receive State aid for each of the projects in the Proposal in the form of debt service aid anticipated to be in the amount of 34% - 40% of total project costs. This State aid reduces the taxpayers' share of each of the projects to between 60% and 66% of the total project cost. **Such State funding will only be available if the proposal passes.**

**The Board expects to fund its local share of debt service with monies that will be available in the Capital Reserve Fund so it is anticipated that no new tax dollars will be raised to pay for the projects.**
