A Change of Seasons

*A*s seasons change, the trees turn bright red, orange and gold. But what's this? It seems as though Summer wishes to party a little while longer! It's been a few days (maybe even weeks) since the fall equinox, but the air is still warm and trees are still vivid green. Fall has decided to confront the trouble-making Summer. Will he be able to set the seasons back on track?

W-WHERE
AM I?!!!

USAPYON IN SPACE!

BY ALEX HUANG

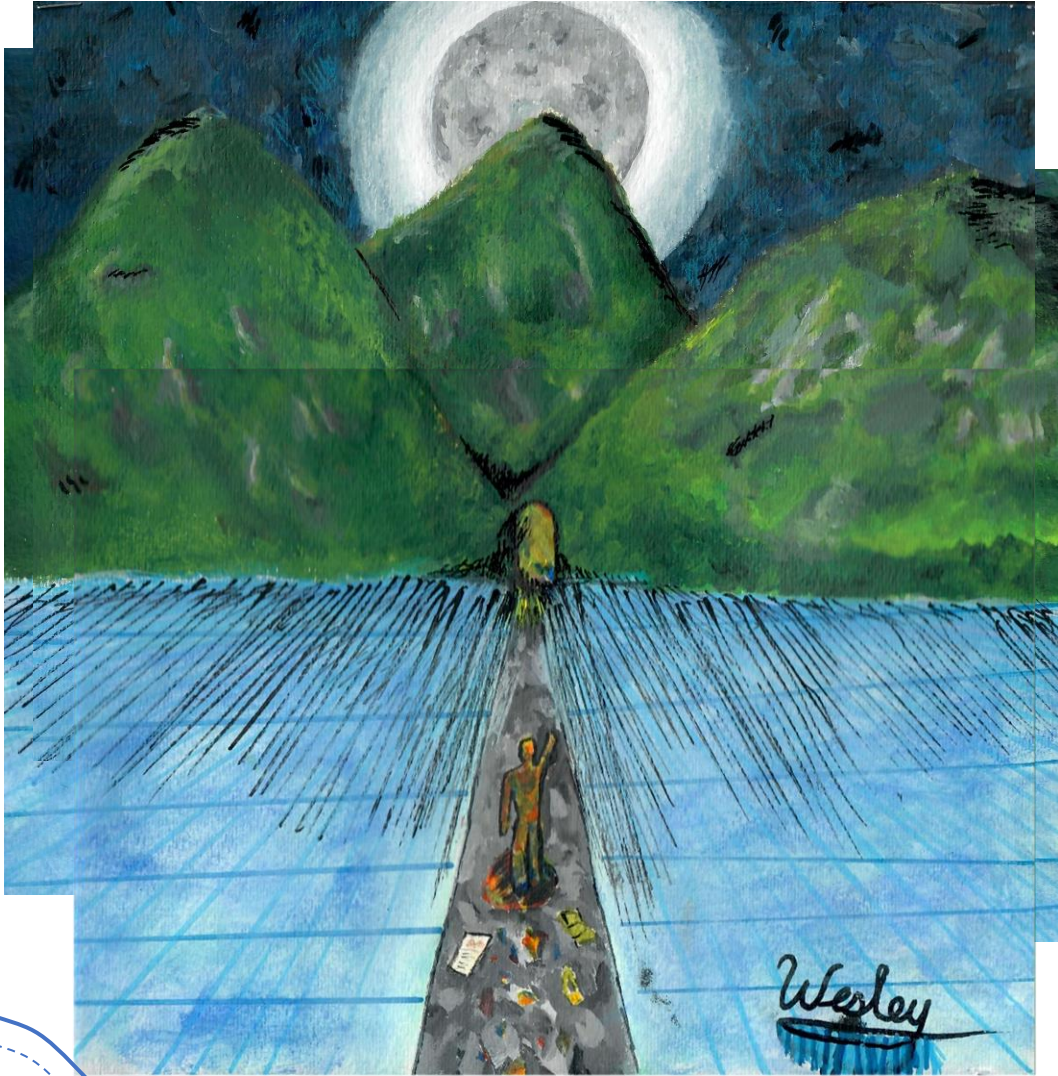

After Usapyon's spacial promenade, he has landed on a distant planet with no one in sight for miles and miles! Oh, but it appears strange creatures have begun to pop up everywhere! What will happen next? Will our brave hero escape back to Earth?!!!
