warrentsepag@gmail.com

Special Education Parent Advisory Groups are required for all school districts in New Jersey. The purpose of these groups is to provide opportunities for parents and community members to offer input to their school districts on critical issues relating to students with disabilities.

Our Mission:

Fostering acceptance and inclusion by promoting an open, stigma-free environment for all students and families.

Our Purpose:

- To provide input on the policies, programs and practices that impact services and supports for children with disabilities and their families.
- To increase the involvement of families of children with special needs in making recommendations on special education policy.
- To advise on matters that pertain to the education, health and safety of children with special needs.
- To advise on unmet needs of children with disabilities.

Please contact Derek Ressa, Director of Special Services (dressa@warrentboe.org) or Paige Jasaitis (paigejasaitis@gmail.com) if you would be interested or would like additional information.
