

Title 1 - Parent Letter

To the Parents/Guardians of _____:

Due to your **child's scores on the district administered DRA, the GATES assessment, a recommendation from your child's previous English Language Arts teacher, and/or a recommendation from the building's Reading Specialist or I&RS team**, it has been determined that he/she would benefit from Title 1 support services to improve his/her skills in the areas of reading.

Upon entering the program, diagnostic assessments will be used to determine specific needs. Assessments will be administered throughout the year to determine student progress and/or readiness to exit the program. Students will be offered two or more periods of additional reading instruction per week with a reading instructor. Communication between parents, classroom teachers, and the Title I teachers will remain constant.

These classes will begin in October. Research-based programs will be utilized to support student learning. We look forward to working with your child.

If you have any questions, please feel free to call or email your child's principal or me.

Sincerely,

William Kimmick
